

Dear parent, guardians, and students,

Pleasant Valley has decided to utilize e-Learning days as an alternative to traditional snow days. This will help us ensure ending school as scheduled rather than adding days to the end of the school year. In order to be successful during e-Learning days, I will be available via email between the hours of 9:00 am and 2:00 pm. I will also be available via Google Classroom. I can see all comments that are listed in Google Classroom and on assignments whether students set these comments as public or private.

Please note that if students are misusing the comment section of Google Classroom, there will be consequences.

Students will be counted as present for the day as long as assignments are being completed and turned in. Formative assessments as well as practice opportunities will both be assigned during e-Learning days. Requirements for math and science are listed below.

If you do not have access to a chromebook or electronic device of some kind (this includes a phone or tablet), please reach out to me as soon as possible. If you have any other questions or concerns, please do not hesitate to contact me.

With PV Pride,
Mrs. Funk
kfunk@pv62.com
(309) 679-0634 ext. 110

Teacher Expectations:

- I will provide 1 hour of instruction per class.
- I will use Google Classroom to provide directions, activities, links, and assessments.
- I will use online learning sites such as Khan Academy, Ascend, Freckle, Youtube, and Amplify.

Student Expectations:

- You will ALL complete tasks assigned to you on time.
- You will seek help during office hours either through the Google Classroom or via email.

MATH	SCIENCE
Watch the video that has been assigned for the day. This may be through Youtube or Khan Academy. Be sure to take notes as you are watching. Complete the assigned tasks. <u>Formative Assessments:</u> These MUST be completed within the assigned time frame. <u>Practice Opportunities:</u> These assignments can only help your grade and are a great opportunity to further your skills.	Watch the Youtube playlist that is assigned for the day. Complete the tasks in Amplify as the teacher is explaining or when they ask you to. When you hear them say pause the video, make sure you follow this direction and complete the assigned tasks on your own.

***Mrs. Barrows Math Class: Mrs. Barrow will post math assignments on Google Classroom. All of the above policies will be followed. -Mrs. Barrow ebarrow@pv62.com
