

April 24, 2023

Dear Parents,

You are invited to attend a Timely and Meaningful Consultation Meeting to be conducted by Limestone Area Schools at Limestone Community High School on Thursday, May 4, 2023, at 1:00 PM. The purpose of this meeting is to discuss how students with disabilities who attend private or home schools within the district will be served by Pleasant Valley during the 2023-24 school year.

In accordance with the requirements of the Federal Individuals with Disabilities Education Improvement Act of 2004 ("IDEA 2004"), public schools are required to spend a portion of their Federal Part B special education funds to provide identified students with disabilities who attend private or home schools with the opportunity to equitably participate in special education services offered by the district. As part of that process, we must conduct a public meeting to discuss our plans to fulfill that responsibility for the coming school year.

In addition, we want to ensure that your voices are heard during this process through your attending the meeting and sharing your opinions and feedback. Finally, we wish to also share information about how students with suspected disabilities can access the process offered by our district to screen and evaluate those suspected disabling conditions.

Your participation in this process is extremely valuable to us. We therefore hope you will attend. If you have questions or concerns in advance of the meeting, please contact me at (309) 679-0634 or you can also email me at tforck@pv62.com

Sincerely,

Tracy Forck
Superintendent
